GENERAL NOTES

- * Fees are charged per side (both the buy and sell side) per contract.
- * CME charges fees according to the schedule above. CME has no separate Exchange fee, nor does it assess member firms an NFA fee. For information regarding NFA fees, please contact the NFA at 312.781.1300.
- * Clearing (and CME Globex fees when applicable) are charged to the clearing (carrying) firm on all give-up trades.
- * Mutual Offset (CME-SGX) trades are charged the clearing fee at the Executing Exchange only.
- * Deliveries, exercises, and assignments are charged a Clearing Fee at Customer rates. If these transactions are eligible for member rates, an adjustment must be made by allocating the transactions to the account(s) to which they belong in the on-line Exchange Fee System.
- * There are no fees charged for expired options or fungible offsets.
- * Clearing and CME Globex fees for CME Globex transactions are based on the combined memberships of the operator and the account owner. Please see Note 13 below for further information.
- * Non-customer fees quoted above assume that the products traded are within the account owner's division of the B-share(s) held. If the product is outside the division of the account owner's B-share(s), the transaction will receive Customer clearing fee rates. Please see Note 10 regarding the CME Globex fees for these transactions.

 - \$10.00 per contract** surcharge in addition to the clearing fee for **Milk**.
 Effective 12/01/2012, the Surcharge rate for **Interest Rate Futures and Options is equal to the corresponding membership based Globex Fee rate**. This includes the discount detailed in **Note 27**.

 Effective 10/17/2011, the Surcharge rate for **Interest Rate Futures and Options is equal to the corresponding membership based Globex Fee rate**. This includes the discount detailed in **Note 27**.
- A 106.D Lessee/106.H Brokerage fee is charged per contract to lessees and individuals on 106.H Trading Member seats for execution of orders in open outcry for accounts where the lessee/individual is **not** listed as a discretionary controller in CME's Exchange Fee System (EFS). EFS is maintained by back office personnel of the applicable clearing firm that carries that account.
- A Rule 106.F Employee Brokerage fee is charged per contract for execution of orders in open outcry, excluding orders executed for the firm owning the seat, an affiliate thereof, or for customer accounts cleared by the clearing member or affiliate.
- The Floor / "New" Brokerage fee is charged per contract to individual equity members, lessees and individuals on 106.H Trading Member seats for the execution of orders in open outcry where these brokers are **not** listed as discretionary controllers for the account they are trading in CME's Exchange Fee System (EFS). EFS is maintained by back office personnel of the applicable clearing firm that carries that account. The Floor Brokerage fee is billed directly to those brokers.

The Floor Brokerage fee is charged per contract to 106.F employees for the execution of orders in open outcry, excluding orders executed for the firm owning the seat, an affiliate thereof, or for customer accounts cleared by the clearing member or affiliate. The Floor Brokerage fee for 106.F employees is billed to that employee's clearing firm.
- Transfer fees are **\$0.10 per contract** and are charged to both sides of the transfer. Transfer fees are capped at 25,000 positions for a maximum charge of \$2,500 per clearing firm per transfer. - On a tiered basis, **CME Globex fees for E-mini Equity Futures and Options** will be reduced for trading volumes exceeding designated monthly average daily volume thresholds. This volume discount applies only for the following:
 - *Equity and Lessee (Rule 106.D) Members and Rule 106.F Employees: Accumulation is per trading account within a single clearing/billing firm. Joint accounts between Equity Members, Lessee Members and/or Rule 106.F Employees are also eligible.
 - *Clearing Member/Rule 106.J Equity Member/Rule 106.I Member and Rule 106.S Member Approved Fund accounts
 Volume will be aggregated across all E-mini Equity products and contract months by account owner (spread transactions are not included). Futures and Options will be accumulated separately when determining threshold levels. E-mini Nikkei 225 Yen denominated Futures are excluded from this program. For Equity Member Firm transactions, monthly volume is aggregated across accounts, within a single clearing/billing firm. Clearing Members and their related 106.I Member(s) accounts will be treated as one firm for purposes of the volume aggregation. For Rule 106.S Member Approved Funds, their associated volume will be aggregated with their related Rule 106.J Equity Member Firm. For Rule 106.S Member Approved Funds, monthly volume is aggregated with their related Rule 106.J Equity Member Firm. For all other transactions, volume is aggregated per account per product. - A **\$0.05 per contract** fee is charged for the exercise and assignment of options, in addition to the clearing fee charged on the options contract.

13. Clearing and CME Globex fees for CME Globex transactions are based on the combined memberships of the operator and the account owner. For example:

- * Equity member rates will apply to CME Globex executed transactions only when an equity member has executed an order for his/her own account or another equity member's account.
- * Non-member rates will apply to CME Globex executed transactions whenever a non-member has executed an order on CME Globex, even if executed for a member account.

Exceptions to this policy are as follows:

- * Individuals entering trades for member firm accounts who are bona-fide W-2 employees, Independent Contractors receiving a 1099-MISC, registered Commodity Trading Advisors (CTAs) or owners with at least \$500,000 invested in the firm will receive the appropriate member rates according to the account owner's status, for products authorized within the division of the B-share(s) held.
- * Individual Members' accounts will receive member rates for orders executed on CME Globex entered by a bona-fide clearing firm W-2 employee for products authorized within the member's division.
- * Give-up transactions are charged based solely on the carrying account owner's membership status.
- * A member's account will receive member rates for CME Globex orders entered by his or her registered clerk, for products authorized within the member's division (clerk must be registered with the CME Membership department to qualify).

- * Equity members trading within their division of membership
 - * Clearing Member/Rule 106.J Equity Member/Rule 106.I Member and Rule 106.S Member Approved Fund accounts
- Volume will be aggregated across all Foreign Exchange and E-mini Foreign Exchange Futures products and contract months by account owner (spread transactions are not included). Clearing Members and their related 106.I. Member(s) accounts will be treated as one firm for purposes of the volume aggregation. For Rule 106.S Member Approved Funds, their associated volume will be aggregated with their related Rule 106.J Equity Member Firm. The following CME Globex fee discounts will apply based on volume traded:

Eligible Participants	Outright Trades	Spreads
CBOE Members	\$1.25	\$1.00
Customers of Member Firms (Non-Members)	\$1.25	\$1.00

19. For Rule 106.H and 106.N Firms, different clearing fee rates apply for CME Globex trades of certain products than for Open Outcry trades of these products. When there are two rates listed in the clearing fee table, the first rate applies to CME Globex trades and the second rate listed applies to Open Outcry trades.

20. The rates listed for Rule 106.R Electronic Corporate Members (ECM) apply only to CME Globex transactions. Open Outcry transactions by these entities will be charged at non-member rates. The Rule 106.R Electronic Corporate Member - Holding Member (ECM-H) rates apply to ECMs which meet the associated membership requirements, for CME Globex trades executed during Regular Trading Hours (RTH) within the division of the membership(s) held, and to all CME Globex trades executed for the accounts of ECMs (with or without memberships) during Extended Trading Hours (ETH). The Rule 106.R Electronic Corporate Member - Volume Incentive Program (ECM-W) rates apply to ECMs which meet the membership requirements, for products that are outside of the division of the membership(s) held executed during RTH, and to ECMs without memberships for CME Globex trades executed during RTH. Exception for Foreign Exchange Products is as follows:

Foreign Exchange Products Only	RTH		ETH	
	Clearing Fee (per side)	Globex Fee (per side)	Clearing Fee (per side)	Globex Fee (per side)
ECM - H (Holding Member) Within Division	\$0.34	\$0.10	\$0.34	\$0.10

Registered participants in the CTA/Hedge Fund Incentive Program are eligible for a reduced all-in rate of \$0.70 per side for CME Globex transactions of Foreign Exchange (Standrad and E-mini) products only. Open outcry transactions and CME Globex transactions in all other products by these entities will be charged at non-member rates. This all-in fee for FX products will be reduced to \$0.60 per side for volume above a monthly Average Daily Volume threshold of 2,500 sides. Volume is aggregated by account owner, across trading accounts across clearing firms.

22. (REMOVED - Intentionally left blank)

23. In order to obtain member clearing and CME Globex fees, CME rules require that trading of member firms (including Clearing Members, Rule 106.J Equity Member Firms, Rule 106.I Members, Rule 106.H Members, Rule 106.R Members and Rule 106.S Member Approved Funds) be conducted by bona-fide W-2 employees, independent contractors receiving a 1099-MISC, individual equity members, traders on Rule 106.F memberships, bona-fide owners of the firm (for Clearing Members and Rule 106.J Equity Member Firms, owners must have at least \$500,000 invested in the firm), or registered Commodity Trading Advisors (CTAs). Electronic trading of member firms conducted by independent contractors receiving a 1099-B and other self-employed individuals will receive rates based on the lowest division of membership held by the trader and account owner.

24. On a tiered basis, for corporate members and certain incentive program participants, the clearing fee for Eurodollar Futures, Euribor Futures, Euroyen Futures and Euroyen Options traded electronically is reduced for trading volumes in excess of 15,000 contracts per month. Volume is aggregated per product, per Operator ID within a single Bill Firm, for a particular corporate member entity or incentive program participant. Trades marked for give-up and give-up transactions are excluded from this program, unless they are trades that have been marked for give-up as a result of positions being transferred to SGX via the mutual offset process. The following clearing fee discounts apply based on volume traded:
